County Affairs.

We have been asked again by one of the steady tax payers of the county why the rate of taxation was increased ten cents on the $100 worth of property. The board of Supervisors do themselves a great injustice by not printing the name of every man and concern who draws a penny from the public fund. If all the people were taken into the transaction there might be some matter in which the people could aid our county fathers. Require the Clerk to make a correct copy of the meetings and let it by contract to the lowest paper to print.

May 13th Home Coming.

Governor Swanson has designated the 13th of May as Virginia Day at the Exposition. Get your money ready and the old woman,' and the young children and the baby and let's make it a memorable day in the history of Virginia. Most of us are entitled to the rest and the old mother to the recognition and let no ordinary engagement keep you from joining the family circle.

What will the readers of newspapers do for the sensational when the trials are all end d? The wonder is that it has so much of charm about it, but that it has need not be denied, and as long as the market cries for it the demand will be forth coming. Milliners strive to furnish fashionable head gear and newspaper men attractive reading matter. May be the newspapers will do better when the Nations stop building battle ships.

Of course a man could spend a million dollars a year in Washington, but we are very slow to believe that the average Congressman spends his entire salary in living there. A large majority no doubt save some money, and they should. We heard some years ago of one Congressman who lived on mileage and perquisites and saved $10,000 in two years' service as such, and how few of the number can earn as much at home as they do in Washington?

The fight has opened against the return of Senator Daniel to the Senate, that is State Senator Thomas, of the Lynchburg district opposes his re-election, and Hon. Don P. Halsey, of the Lynchburg Bar, and a nephew of Major Daniel, is opposing Mr. Thomas' return to the State Senate. The canvass promises to be a lively one. Senator Daniel is not disturbed.

There was a Jim Crow case called in the Supreme Court at Washington the other day, but the negro complainant had neglected to print the record and the case was dismissed. We regret that the case was'nt tried on its merits.

For the first time in the history of Expositions railway corporations are making fight against them. That fire should first open on "first settlement" is one great outrage. Our railway corporations may sting the people into madness.

The Staunton Dispatch says there is no prospect of a local option fight in that city. It is just as sure to come as sunrise, and mark what we say, brother.

Tillman is a man of recognized power but he is'nt strong enough to force the dispensary system on the people of South Carolina again, and he will not be foolish enough to attempt it

Only 200 of the Zion gang stuck to old man Dowie to the end, but when the end came everybody wanted to bury him, the result being there were three funerals.

The two cent passenger rate is sweeping over this country. Let Virginia fall into ranks and secure to her people advantages to which they are justly entitled.

Dr. Lyman Abbitt declares trusts are for the peoples' good.' It cannot be denied that they "do" the people good.—Washington Herald

The negroes in a Texas town have organized a society whose sole object is to "talk the white folks down." Rather tough job.

Tetter Salt Rheum and Eczema.

Prof. Ferguson an Applicant.

Professor Meade Ferguson, of Appomattox county, is an applicant for the position of dean of the Agricultural Department and Director of the Experiment Station at the Virginia Polytechnic Institute, at Blacksburg, vice Professor A. M. Soule, resigned.

The friends of Professor Ferguson maintain that he is splendidly equipped for the position, as he is a graduate of that school, and has an additional advantage of several years' study abroad. Professor Ferguson is 38 years old. For six-teen years he has been connected with the Virginia Polytechnic Institute, either in the capacity of student or instructor, and it was at the instance of the school authorities that he went to Europe. He is now the bacteriologist at the Institute, and has achieved considerable celebrity in connection with his studies of soil inoculation.

The writer has been silenced by business cares for a week or two, but still the news gathers that should be known abroad, therefore he is moved with compassion.

Miss Pearl Leonard of Middletor, Pa., is the guest of her mother, Mrs. Leonard at Hotel Concord this week.

Death of Robert P. Meadows

Mr. Robert P. Meadows died at his residence in Pamplin, Monday morning, in the 76th year of his age. He was actively engaged in his work as section foreman for the Norfolk & Western R. R. until the morning of the 13th of March, when he was taken with a severe chill, followed by grip, which at his advanced age soon proved fatal. Mr. Meadows was one of the oldest employees of the road, having held the position of section foreman for 42 years continuously. He was a prompt, active and efficient business man, faithful to all his obligations, public and private, and greatly esteemed by all who knew him. He was twice married; his first wife was Miss Mary J. Carter and his second, Miss Harriet Woodson. Four children, all of the last wife, survive him, two sons, William and Edgar, two daughters, Mrs. L. W. Thornton and Mrs. Maud Pleasants, of Lynchburg.

Mount Vinco

We are sorry to state that Mr. J M. Shepherd is very ill with pneumonia.

Miss Tempie Bayard is visiting her aunt, Mrs. Mary V. Ayers.

Miss Nora V. Spencer has been visiting friends and relatives of Norwood and Buffalo, Va.

Mr. Sam Taylor visited his parents near Wiley on Saturday and Sunday last.

We are glad to know that Mr. and Mrs. R. M. Davis will be in our midst soon.

Willie E. Shepherd, son of Mr. and Mrs. J. M. Shepherd, was born in Buckingham county, Va. Sept. 26th, 1887 and departed this life at his home near Wiley, Va. March 13th, 1907. He was conducting a mercantile business for Mr. C. D. Agee when he was taken with typhoid pneumonia, and only lived eleven days. He was taken in the bloom of youth, just 19 years of age. Willie was a good companion and it can be well said of him, "none knew him but to love him." He attracted all to him by his sweet, amiable and bright nature. How sad and blighted are the hopes of his home, he thought so much of and the loved ones there. He brought so much comfort with him when he came home. How hard it was to realize this dispensation of Providence. We loved him dearly but our Father loved him more. We believe our precious one is at rest and enjoying the blessings of life eternal in the skies. Dear mother, never again in this life will you greet his pleasant smiles nor hear his sweet voice and we come footsteps as he comes home, but we trust that you will see and hear them in the sweet fields of Eden. We are desolate here without him but oh, there is joy in Heaven with him. Oh how hard it was to give him up, but the Lord gave and the Lord hath taken away, blessed be the name of the Lord.' He was a general favorite with school mates and associates. He made a profession of faith when quite young and has been a faithful disciple ever since. He was a consistent member of Mulberry Grove Baptist church. He leaves a mother, father, three sisters and two brothers and a host of friends and relatives to mourn their loss. He was laid to rest in the family burying ground at the old Shepherd's residence, Rev. J. J Spencer conducting the service. The grief-stricken family have the assurance of knowing the Lord only took his own. May the Lord comfort them and cause them to realize that their loss is his gain. The golden gates were opened, a gentle voice said "come" and with farewells unspoken he calmly entered home.

Fire in Buckingham

The carriage house belonging to Mr. M. C. Elcan was burned to ashes on the 13th inst. at 4 o'clock A. M. It was a big loss as the house was a good building and contained a new carriage, a buggy, harness for same, a binder, mower, rake corn-planter, five saddles, plows, overcoats, carriage robes, etc., etc. The loss is probably $1200. It is not known how the fire originated.
